The value shall be calculated at a discount rate equal to the Redeployment Rate applied as of each relevant Payment Date.

10.3.C General

Project Specification and Reporting

A.1.1 TECHNICAL DESCRIPTION

Purpose, Location

The project comprises the construction of three educational facilities in the Municipality of Tuusula, Finland. They will accommodate different levels of education from pre-primary to secondary education.

Description

The Project concerns the investment in three new campuses (Riihikallio, Rykmentinpuisto, Lahela) for pre-primary, primary and secondary education. The new facilities will have the capacity to accommodate approximately 3 522 students. Partial demolition of the existing building and façade renovation of the sports building in the Riihikallio campus are also included in the Project scope. The total area of the new buildings will be in the range of 37 590 m². The new facilities will be highly energy-efficient and the Primary Energy Demand (PED) defining the energy performance of the buildings will be at least 10% lower than the threshold set for the Nearly Zero-Energy Building (NZEB) requirements in national law implementing Directive 2010/31/EU.

Project Component	Building Area (m2)
Riihikallio campus	10 590
Rykmentinpuisto campus	14 100
Lahela campus	12 900

The new Rykmentinpuisto and Lahela campuses are targeting the Rakennustieto environmental classification (RTS) and will be delivered using the Life Cycle Model, where the service provider is responsible for the design and construction of the buildings, as well as the hard and soft facility management services for a period of 20 years.

Calendar

The Project's implementation period spans from 2023 to 2029.

Climate Action Mitigation-Eligible Cost

The climate action mitigation-eligible costs, as referred to in Recital (d), include all items that comply with the Bank's operational criteria and exclude, at the date of the Project appraisal by the Bank, land costs, taxes and loan interest during construction and the demolition and façade renovation costs related to Riihikallio campus.

Definition of EURIBOR

"EURIBOR" means:

- (a) in respect of a relevant period of less than one month, the Screen Rate (as defined below) for a term of one month;
- (b) in respect of a relevant period of one or more months for which a Screen Rate is available, the applicable Screen Rate for a term for the corresponding number of months; and
- (c) in respect of a relevant period of more than one month for which a Screen Rate is not available, the rate resulting from a linear interpolation by reference to two Screen Rates, one of which is applicable for a period next shorter and the other for a period next longer than the length of the relevant period,

(the period for which the rate is taken or from which the rates are interpolated being the "**Representative Period**").

For the purposes of paragraphs (a) to (c) above:

- (i) "**available**" means the rates, for given maturities, that are calculated and published by Global Rate Set Systems Ltd (GRSS), or such other service provider selected by the European Money Markets Institute (EMMI), or any successor to that function of EMMI, as determined by the Bank; and
- (ii) "**Screen Rate**" means the rate of interest for deposits in EUR for the relevant period as published at 11:00 a.m., Brussels time, or at a later time acceptable to the Bank on the day (the "**Reset Date**") which falls 2 (two) Relevant Business Days prior to the first day of the relevant period, on Reuters page EURIBOR 01 or its successor page or, failing which, by any other means of publication chosen for this purpose by the Bank.

If such Screen Rate is not so published, the Bank shall request the principal offices of four major banks in the euro-zone, selected by the Bank, to quote the rate at which EUR deposits in a comparable amount are offered by each of them, as at approximately 11:00 a.m., Brussels time on the Reset Date to prime banks in the euro-zone interbank market for a period equal to the Representative Period. If at least 2 (two) quotations are provided, the rate for that Reset Date will be the arithmetic mean of the quotations. If no sufficient quotations are provided as requested, the rate for that Reset Date will be the arithmetic mean of the rates quoted by major banks in the euro-zone, selected by the Bank, at approximately 11:00 a.m., Brussels time, on the day which falls 2 (two) Relevant Business Days after the Reset Date, for loans in EUR in a comparable amount to leading European banks for a period equal to the Representative Period. The Bank shall inform the Borrower without delay of the quotations received by the Bank.

All percentages resulting from any calculations referred to in this Schedule will be rounded, if necessary, to the nearest one thousandth of a percentage point, with halves being rounded up.

If any of the foregoing provisions becomes inconsistent with provisions adopted under the aegis of EMMI (or any successor to that function of EMMI as determined by the Bank) in respect of EURIBOR, the Bank may by notice to the Borrower amend the provision to bring it into line with such other provisions.

If the Screen Rate becomes permanently unavailable, the EURIBOR replacement rate will be the rate (inclusive of any spreads or adjustments) formally recommended by (i) the working group on euro risk-free rates established by the European Central Bank (ECB), the Financial Services and Markets Authority (FSMA), the European Securities and Markets Authority (ESMA) and the European Commission, or (ii) the European Money Market Institute, as the administrator of EURIBOR, or (iii) the competent authority responsible under Regulation (EU) 2016/1011 for supervising the European Money Market Institute, as the administrator of the

EURIBOR, or (iv) the national competent authorities designated under Regulation (EU) 2016/1011, or (v) the European Central Bank.

If the Screen Rate becomes permanently unavailable and no EURIBOR replacement rate is formally recommended as provided above, EURIBOR shall be the rate (expressed as a percentage rate per annum) which is determined by the Bank to be the all-inclusive cost to the Bank for the funding of the relevant Tranche based upon the then applicable internally generated Bank reference rate or an alternative rate determination method reasonably determined by the Bank.

Interest Rate Revision and Conversion

If an Interest Revision/Conversion Date has been included in the Disbursement Offer for a Tranche, the following provisions shall apply.

A. Mechanics of Interest Revision/Conversion

Upon receiving an Interest Revision/Conversion Request the Bank shall, during the period commencing 60 (sixty) days and ending 30 (thirty) days before the Interest Revision/Conversion Date, deliver to the Borrower an Interest Revision/Conversion Proposal stating:

- (a) the Fixed Rate and/or Spread that would apply to the Tranche, or of its part indicated in the Interest Revision/Conversion Request pursuant to Article 3.1; and
- (b) that such rate shall apply until the Maturity Date or until a new Interest Revision/Conversion Date, if any, and that interest is payable quarterly, semi-annually or annually in accordance with Article 3.1, in arrear on designated Payment Dates.

The Borrower may accept in writing an Interest Revision/Conversion Proposal by the deadline specified therein.

Any amendment to this Contract requested by the Bank in this connection shall be effected by an agreement to be concluded and effective not later than 1 Business Day prior to sending by the Bank of an Interest Revision/Conversion Proposal.

Fixed Rates and Spreads are available for periods of not less than 4 (four) years or, in the absence of a repayment of principal during that period, not less than 3 (three) years.

B. Effects of Interest Revision/Conversion

If the Borrower duly accepts in writing a Fixed Rate or a Spread in respect of an Interest Revision/Conversion Proposal, the Borrower shall pay accrued interest on the Interest Revision/Conversion Date and thereafter on the designated Payment Dates.

Prior to the Interest Revision/Conversion Date, the relevant provisions of this Contract and Disbursement Offer and Disbursement Acceptance shall apply to the Tranche in its entirety. From and including the Interest Revision/Conversion Date onwards, the provisions contained in the Interest Revision/Conversion Proposal relating to the new Fixed Rate or Spread shall apply to the Tranche (or any part thereof, as indicated in the Interest Revision/Conversion Request) until the new Interest Revision/Conversion Date, if any, or until the Maturity Date.

C. Partial or no Interest Revision/Conversion

In case of a partial Interest Revision/Conversion, the Borrower will repay, without indemnity, on the Interest Revision/Conversion Date the part of the Tranche that is not covered by the Interest Revision/Conversion Request and which is therefore not subject to the Interest Revision/Conversion.

If the Borrower does not submit an Interest Revision/Conversion Request or does not accept in writing the Interest Revision/Conversion Proposal for the Tranche or if the Parties fail to effect an amendment requested by the Bank pursuant to paragraph A above, the Borrower shall repay the Tranche in full on the Interest Revision/Conversion Date, without indemnity.
